ABOUT US

Texsonics System India Pvt Ltd
an ISO 9001-2015 Certified
Company - TUV Nord and
established in the year of 1998.

We are involved in
manufacturing all types of
sheet metal components and
assemblies, Enclosure for
Electrical Panel Board,
Automation control system,
Machine Building and Robotics
through quality management
system.

Our company is focused on
delivering leading edge
solutions in above mentioned
area, in Engineering, other
process industrial applications.

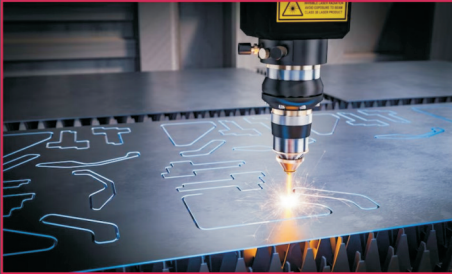

USP

We can able to provide
complete solution of sheet
metal components from
cutting to powder coating in
our factory and every stage of
the manufacturing process is
inspected thoroughly by our
quality control team.

Traceability is ensured so each
component can be traced
back to the raw material stage.

LASER CUTTING

We have Laser cutting machine for precise cutting of sheet metal components.

(3000 watts - cutting capacity - 20mm MS metals / 10mm Stainless Steel and Aluminium)

BENDING

Equipped with one CNC press brakes for precise bending.

(200 TON / 3.1 METER Length)

FABRICATION

GMAW and GTAM welding with experienced welders. Fixture tables and jigs are developed according to the customer needs.

POWDER COATING

We have powder coating plant with Oven size

16 feet L * 8 feet H * 6 feet W

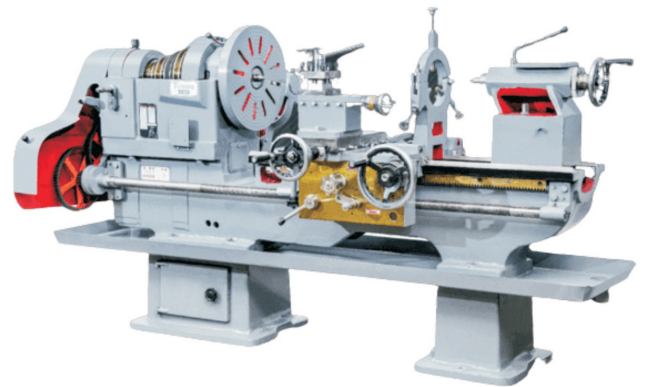

**DRILLING
